PROBLEM OF LIFE, AND WELFARE OF HUMANITY

Dr. Richmond L. Bishop, Noted Spiritualist, Addressed Large Congrega-

At the First Spiritual union academy on Park street Sunday evening a large Cont. egation heard Dr. Richmond L. Bishop speak on The Problem of Life and the Welfare of Humanity. Dr. Pishop said in part: The problem of life and the Welfare of Humanity. Dr. Pishop said in part: The problem of life to the poor and the working classes is the getting of the necessities of life, and these people feel depressed at their inability to get what they desire. On the other hand, the moneyed man feels depressed at not being able to meet all of the demands. life to the poor and the working classes is the getting of the necessities of life, and these people feel depressed at their inability to get what they desire. On the other hand, the moneyed man feels depressed at not being able to meet all of the demands made upon him, and he counts life as a problem. To the temperance people who have worked to suppress liquor for the welfare of humanity and have done so well, feel that their cause still remains a problem and is unsettled. Religious churches who have endeavored to help humanity feel that their problem remains unsettled. Spiritualism points out the way like a guiding angel for people to awaken to their ed to help humanity feel that their problem remains unsettled. Spiritual-ism points out the way like a guiding ism points out the way like a guiding angel for people to awaken to their spiritual consciousness within. And in the awakening God would show to them the solution of all the problems of life and would raise them above the worry and distress and would point out to them the true way of life where they will find peace because they have asserted their own spirit. This finding of their spirit will act as the solvent of all such problems of conditions and the welfare of humanity will reign supreme.

Following the sermon, Dr. Bishop gave several spirit messages, and these were easily recognized by the people in the audience.

A large crowd availed themselves of the opportunity to enjoy the fine skating at Mohegan park New Year's afternoon. Nearly 500 people were on the ice on the small pond, which is seven inches thick. A number were skating on the big pond, where the ice was but six inches. The park superintendent does not encourage ekating on the big pond, although it is not forbidden.

The social hour in the chapel where over one hundred were gathered was enjoyed to the utmost. After the New Year's supper served at most attractive tables set in the two large rooms thrown together, Rev. G. H. Ewing called to order and gave a brief and interesting survey of the work along social lines since last New Year's. The church roll was then called beginning with those who first joined; one member joined the church 60 years ago this next Sunday, a few others before that date. N. H. Hall of Preston City brought greetings and gave a cordial invitation for a return visit. One of the recent comers, Mr. Chapin, held the close attention of those present during a brief address. Rev. E. H. Smith was called upon: Not a New Year goes by in China that we do not think of you here, even as Harriet Hyde must be thinking of us tonight, he began. There is a spiritual feeling here that grips one and helps one. It has been a great joy that we could thank God for every remembrance of you all in your labor of love. We have just such gatherings in Ing-hok, in solrit and it is the spirit that counts. You young people are keeping alive the social and spiritual part of this church. You have a marvelous copportunity. A revolution is coming and it must be shot through and through with the spirit of Christ. Some of you may be called where the need is greater, over the seas. And others will find their work here.

BELGIUM RELIEF. Connecticut Has Contributed Freely Towards the Cause.

Figures showing what Connecticut has done in the last month, town for town, for the suffering population of Beigium have just been compiled for publication by the Connecticut commission for relief in Beigium, which recently began a new campaign to emphasize the fact that its work is far from done; that the winter has found even more destitute women dying of tuberculosis and children starving to death than last winter, and that

the committee asks Connecticut, one of
the richest states in the union, to continue, if not to redouble, its badlyneeded contributions.

The results of the new campaign,

committee in its belief that many
generous persons have refrained from
giving to this cause because they were
under the false impression that Belgium no longer needed help from prosperous America. Since Thanksgiving
day about \$5,000 has been received in
the state—including three gifts of \$500
each, four of \$200 each and 13 of \$100

many of these have come from persons who have given before. In numerous cases such persons have increased their contributions upon

the history of any nation.

At the thirty-sixth annual organ recital which was given at 5 o'clock, the program was finely chosen and of sustained interest to the closing number. James J. Moore, baritone, assisting H. L. Yerrington, organist, won favor with the audience by his force and earnestness and clear rendering, especially in The Birthday of a King. There were parts of the program, especially in the fifth number and the Andante Pastorale, of exceeding beauty of interpretation, the whole recital being a marked success, one of the best ever given at New Year's. The program reads:

desire at this time to give expression to their profound sense of loss and bereavement in the sudden death of their highly esteemed and beloved brother. CHARLES BILLINGS CHAPMAN.

brother,

CHARLES BILLINGS CHAPMAN.

For a period of forty-six years Mr. Chapman had given freely of his time and service to this Parish, the Archdeaconry and the Diocese, in a large variety of offices and responsibilities, in all of which he had shown an exceptional degree of fidelity and efficiency. He had been parish clerk, treasurer, a vestryman, a member of the finance committee, and had served as warden for one year, declining a reclection. For over thirty years he had been a delegate to the Convention and the Archdeaconry, in both of which ho had served on important committees. He was a delegate to the General Convention in 1901.

He was appointed a Lay Reader over forty-five years ago, and had freely given his services in that capacity during all the succeeding time. not only to his own parish, but, as he was called upon, to all the neighboring parishes. For many years he had been assistant superintendent of the Sunday School. At the time of his death he was a member of the Church Pension Fund Committee, representing the New London Archdeaconry, a member of the Church Pension for Aged and Infirm Clergy and of the Clergyman's Retiring Fund, and Secretary of the Church Club of the New London Archdeaconry.

Aged and Infirm Clergy and of the Clergyman's Retiring Fund, and Secretary of the Church Club of the New London Archdeaconry.

This record would stand out anywhere as remarkable for the length, the variety and the quality of the service rendered, but for those of us who have lived and worked with Mr Chapman for many years, and have witnessed his devotion to the cause of Christ and the welfare of this parish, and the general church, even this record cannot begin to measure our sense of loss in his removal from our midst. Mr. Chapman has given several memorials to the parish, among them being the Altar Cross and Vases, the Eucharistic Candlesticks, Aims Basins and Receiving Basins, all in memory of his parents. He has left his own memorial in the witness of his long and faithful service and in the affectionate regard of the vestry and congregation.

Resolved, That this minute be sent to the family of Mr. Chapman, with the assurance of our sincere sympathy.

Resolved, That this minute be spread on the parish records, and that a copy thereof be published in the Norwica papers and in the Connecticut Churchman.
